Roughly 60 years before the "One Piece" story, the country of Alfad, which lies on the shore of Taba, was inhabited by the people known as "The Blue Sky Bards." In order to save their beloved country, they sought the power of three legendary swords that have been passed down for generations: the D'dorei of the Blue Sky, the Logona of the Blue Sea, and the Kazelgera of the Blue Sands. This prompted her to flee Alfad, and she came to the lands between, taking refuge in the castle of the Seven Elves. She met a knight, Soreen, who had a past of his own. Together, they traveled to the Gates of Dawn, where she fought the demon Iskandar and saved the world. The Welder, Soreen: This was a man who had a past of his own. He was born to a noble family and lived a peaceful life. But when he came to the lands between as a mercenary, he met the Elf of
