
Telugu Boothu Kathalu Cartoon Pdfl Fixed

.Q: C - Code Snippets Compiled with GCC Do Not Work I have been trying for awhile now, but I am not able to get my code snippets to work properly. I am compiling using gcc and this is what the error looks like. /usr/include/stdio.h:426:5: error: 'EOF' was not declared in this scope Any suggestions? A: I've seen it happen if you're using a macro from another header (e.g. __GNUC__) at the top of your source. The quick fix is to add -Werror to the end of the command line. But you really shouldn't be including headers like that. Add #define EOF (-1) #include /* * Licensed to the Apache Software Foundation (ASF) under one * or more contributor license agreements.
